ENGLISH EDITION

Your automotive sensor supply partner

Shenzhen Tianzhiyi Technology Co., Ltd. supplies automotive sensors and related components for the aftermarket. This TPMS catalogue helps you identify product references and prepare your enquiry.

01 IDENTIFY

Send the original sensor reference number and clear photos of its label, housing and valve.

02 CONFIRM THE APPLICATION

Provide vehicle make, model, production month/year and destination market. Frequency alone does not establish compatibility.

03 CONFIRM INSTALLATION

Check whether programming is required, which tool and software version are supported, and how the vehicle relearns sensor IDs.

04 REQUEST A QUOTATION

Include quantity per reference, packaging requirements and delivery destination. Confirm specification, availability and terms in the quotation.
